How To Measure

- CHEST: Measure horizontally around the fullest part of your chest.
- LENGTH: Measure the longest part of the torso, beginning from the shoulder collar.
- HIPS: Measure at the widest point of the hip.
- WAIST: Measure around the narrowest part (typically where your body bends side to side), keeping the tape horizontal.

If you cannot decide between two sizes, please choose the smaller size for a tighter fit or the larger size for a looser fit. Please note production is fully custom. ± 1 inch is considered nominal.
